Washington D.C. Metro Area

Global Leader with nearly three decades of executive information technology expertise offers portfolio management, thought leadership, counsel, and support for CGI's top global government business. CGI, the world's 5th largest independent IT and business process services, is present in 40 countries and has \$10+ billion in revenue, supporting over 2,000 government organizations globally. Cheryl drives the executive discussion and decision-making for strategy, growth, business priorities, and other initiatives aimed at growing CGI's government business around the world.

### CGI Federal

Sr. Vice President

October 2005 - July 2014 (8 years 10 months)

As Senior Vice President, Cheryl Campbell was the Business Unit Manager for CGI Federal's Health and Compliance Programs (HCP) and oversaw the strategy and growth for its operations. Known for building high performance executive teams and leading complex technology and operational organizations to serve the needs of providers, government and the public. Cheryl was responsible for driving the organization's growth and profitability through engagements with military and civilian federal health agencies including Department of Health and Human Services, Department of Treasury, Housing and Urban Development, Department of Veterans Affairs, and Department of Defense Military Health Services. During her tenure, her organization has partnered with clients to succeed on their most complex and mission-critical initiatives, many at the heart of health reform rolled out on a national scale. Under her watch, the revenue for CGI's US Health practice has

continued to grow at a double digit rate year over year and her organization attained CMMI Level 5 certification.

## SAIC
